By the Bundle
Emma Jean Jansen

Quilters love collecting these precut bundles, but often don't know what to do with them. Because they are a specific cut of fabric (18" x 22" instead of a ¼ yd cut from fabric that measures 9" x 44" and is much less usable) the instructions for a project need to be specifically written to accommodate these fat quarter cuts. All of Emma's patterns are written with this in mind in addition to providing irresistible new quilt designs to finally put these collections to use in her widely appealing designs. Emma's patterns cross over beautifully between the modern and the new traditional quilt maker alike.
